**GUEST SPEAKER**

**Dr Brigid Forrest**

Celebrate this day and hear Dr Brigid Forrest regale us with her experiences and achievements. She has been involved for 25 years in health care as a GP actively involved in General Practice (with Obstetrics), part time Base Medical Officer at RNZAF Woodbourne and more recently as a part time Community Geriatrician at Wairau Hospital and a Medical Officer at Hospice Marlborough. She also serves on the Nelson Marlborough District Health Board. Working in private companies and on community boards, and growing a successful global Marlborough winery business has given her many and varied experiences. She has a vision to share!

Her talk will be "Experiences from the past Empowering the future" which will call on her medical experiences from around the world and her strong desire that we should all have a strong say in what we want for our older years – empowering us to make decisions about our lives and communities.

***Enjoy a glass of bubbles with your brunch!***
